Moulding Operator

What you'll do

- Operate rotational moulding machines.
- Accurately weigh out powder and prepare other raw materials.
- Load raw materials into tools and unload moulded products from tooling.
- Perform secondary operations on the moulded products such as de-flashing, routing, hole-sawing, drilling.
- Inspect moulded products for defects and irregularities.
- Assemble finished products.
- Package the finished items according to specification.
- Maintain tools during production.
- Assist with tool changeovers.
- Understand and work from written and verbal instructions.
- Maintain a clean working environment.
- Follow the safety operating procedures and wear PPE as directed.
- Participate in regular continuous improvement and waste management activities.

What you'll need to succeed

- At least one year's experience in a manufacturing/production environment.

- GCSE (or equivalent) passes in foundation subjects.
- Experience in using hand tools.
- Ability to communicate effectively and work well in a team.
- Ability to work in a physically fast paced and constantly changing environment.
- Ability to work in a warmer than normal environment during the summer months.
- Forklift licence is an advantage but not essential as training will be given.

What we offer in return

- We operate a pay grading system with the opportunity for you to move up to Operator and Senior Operator levels at increased rates of pay.
- We want you to enjoy your birthday, so we will never ask you to work it.
- Additional days of annual leave linked to length of service.
- Regular reviews, we want you to be happy in your work.
- Lunch on us once a week, Pasty Friday.
- Free on-site parking
- Workplace pension.
